# 2.02 Faculty

Fakultät IA Fakultät EI Fakultät MB Fakultät MN Fakultät WM

## Institutes, subject areas and study programmes

# IA

The Faculty of Computer Science and Automation is divided into five institutes:

- Automatisierungs- and Systems Engineering
- Biomedizinische Engineering and Computer Science
- Praktische Computer Science and Media Informatics
- Technische Computer Science and Engineering Informatics
- Theoretische Computer Science

The institutes themselves are further subdivided into a total of 22 subject areas, each headed by a professor. Research focuses on modelling, simulation and optimisation of dynamic systems, biomedical diagnosis and therapy methods or assistance and service robots, among others. The faculty, founded in 1990, has about 1200 students, about 130 staff members and 20 professors. The following Bachelor's and Master's degree programmes are offered:

- Biomedizinische Technology (**BMT** or **BT**)
- Informatik (**IN**)
- Ingenieurinformatik (**II**)
- Technische Cybernetics and systems theory (**TKS**)
- Research in Computer and System Engineering (**RCSE** or **RCS**)

# MN

The „Faculty of Mathematics and Natural Sciences“ (MN) includes the following Institutes:

- The Institut Department of Chemistry and Biotechnology
  with the Bachelor's programme in „Biotechnical Chemistry“ and the Master's programme of the same name.
- The Institut for Mathematics
  with the Bachelor's degree programme in „Mathematics“ and the Master's degree programme in „Mathematics and Business Mathematics“.
- The Institut for Physics
  with the Bachelor's degree programme „Technical Physics“ and the Master's degree programmes „Technical Physics“ and „Regenerative Energy Technology“.

# WM

The Faculty of Economics and Media is divided into five institutes:

- Business Administration
- Economics
- Law
- Business Information Systems
- Media and Communication Studies

and is responsible for the following Bachelor's and Master's degree programmes:

- Angewandte Media and Communication Studies (**AMW**Bachelor)
- Betriebswirtschaftslehre with technical orientation (**TBWL**, Bachelor)
- Medienwirtschaft (**MW**, Bachelor and Master)
- Wirtschaftsinformatik (**WI**, Bachelor and Master)
- Wirtschaftsingenieurwesen in the fields of electrical engineering and mechanical engineering (**WIW**Bachelor and Master)
- International Business Economics (**IBE**, Master)
- Media and Communication Science (**MCS**, Master)

The institutes themselves are further subdivided into a total of 20 subject areas, each headed by a professor. each headed by a professor.

## Dean's office

The Dean's Office consists of the Dean, the Associate Dean and the Dean of Studies. The Dean leads the Faculty and decides on all matters of the Faculty that are not expressly assigned to the Faculty Council. The Associate Dean supports the Dean in his duties and tasks and represents him in his absence. The Dean of Studies performs the tasks related to teaching and studies within the framework of the Dean's overall responsibility.

## Faculty Council (FakRat)

The Faculty Council is the highest decision-making body of each faculty. It decides on the available funds of the faculty. Furthermore, it deals with the study regulations of the faculty, as well as the examination and doctoral regulations. Among the 13 voting members are two voting students and two advisory student members.

## Study Commission (SK)

The Study Commission is a committee of the Faculty Council. It deals with questions concerning the sensible organisation and implementation of teaching. In addition, the Study Commission develops changes to the study regulations and the course of studies on the basis of the proposals of the study programme committees.

## Study Programme Commission (SGK)

There is a study programme commission for each study programme, which deals with the preparation of and changes to the study documents. The members are appointed by the Faculty Council of the respective faculty.

## Examination Board

There is one examination board for each degree programme. The members are elected by the Faculty Council. The examination board has at least five members, with the professors in the majority and at least one student and one staff member of the faculty.

## Examinations Office

The Faculty's Examinations Office is responsible for all matters relating to the administration of examinations, internships and the issuing of certificates. The staff will be happy to advise you on organisational questions regarding your studies or questions about examination law.

## E-mail distribution list

For students of the Faculty of Computer Science and Automation, e-mail distribution lists have been set up through which you will receive short-term notifications, such as information on examination matters and the organisation of studies or notifications of room and time changes. Since the e-mails are sent out according to the degree programme, you may also receive information that is intended for other semesters.

Students can also use these addresses to distribute information relevant to their studies or to make enquiries to fellow students. For example, if you want to form a study group or are looking for fellow students for group work.
