Computer Engineering (RO, RA)

The practical course in Computer Engineering consists of the practical courses of the modules Computer Organisation (RO) and Computer Architectures (RA).

</ignore>Moodle-Kurs (RO part) </ignore>Moodle-Kurs (part RA) Einschreibung Testatkarte

Hint:
For the internships, you need a certificate card, which you can print out yourself. Your grades are entered on this card. For this reason, you should not lose it, as otherwise you will have to have your grades added, which can be a lot of work.
